Purpose/Background

Medication adherence is largely impacted by patient specific barriers, one of the most crucial being financial constraints of affording their medications. There are resources from drug manufacturers and alternative programs to eliminate financial constraint of medication adherence. The resources available include:

1. **Patient assistance program (PAP)** - Drug manufacturers provide medications completely **free of charge** for low-income uninsured or Medicare patients, shipped directly to patients' home, primary care provider (PCP) office, or other designated address (i.e. infusion medications should be mailed to infusion center where patient has confirmed follow-up), depending on program eligibility. Covers almost **ALL** medications
 - a. Documentation required: program specific (none to needing income proof)
 - b. Process time: 2-7 days
2. **Welvista** – state run program, has limited formulary of medications
 - a. Documentation required: requires income documentation for all members of household,
 - b. Process time: 10-14 days
3. **RxOutreach** – nationwide program, has limited formulary for medications not covered by other PAP programs
 - a. Documentation required: None
 - b. Process time: 7-10 days
4. **Copay cards** – typically available to commercially insured patients or one-time uses in certain circumstances (outside the scope of this document)
5. **Walmart \$4.00 prescription list** – limited formulary of medications available at Walmart that may be more affordable via a prescription than at other pharmacies
6. **Care foundations** – foundations set up by donors for financially constrained patients for medications not covered by other programs (limited funds available)

This document encompasses comprehensive access to patient assistance programs (PAP) for almost all medications (see [additional resources](#) for medications not included). Patient eligibility is dependent upon:

- Income level based on the federal poverty limit (FPL), which varies yearly
 - Programs will either require proof of documentation or run electronic income verification (which will **NOT** affect a patient's credit score)
- Insurance status (must be uninsured or Medicare)

This **interactive document (clickable)** will allow for uninsured and low income patients to be enrolled in a patient assistance program and provide them with up to one year of medication **free-of-charge**. Following calendar year from enrollment date, subsequent application will need submitted for re-enrollment.

Barriers to utilizing [Welvista](#) through the state of South Carolina are:

- Cumbersome enrollment process, more than a patient can understand and above the appropriate level of health literacy
- 10-14 day processing time for applications
- Limited formulary
- Requirement of proof of income for all members within the household
 - Most patients do not have available during hospitalization
- FPL threshold of $\leq 250\%$ (stricter than most PAP)
 - Many patients can qualify for their individual medication with the higher threshold cutoffs for individual manufacturer PAP
- Medications also need e-scribed to Welvista or, if not originally e-scribed, will need mailed via the postal service to Welvista.

Patients are provided an expansive amount of information during their admission and at time of discharge. Many times, patients realize when they arrive at a pharmacy or arrive home, they may be uncertain of the appropriate steps to enroll in a PAP program, returning to a healthcare institution when their initial medication fill runs out. This interactive PAP tool enables our healthcare team to alleviate the financial burden and enrollment difficulties patients face alone outside of a healthcare institution.

[RETURN TO TOP](#)

Roles

Initial encounter

- a. Ensure appropriate insurance verification and upload into electronic health record

Case manager or office staff of designated area/clinic

- b. Determine patient eligibility based on manufacturer PAP
- c. Assist with completing patient contact information and income verification
- d. Assist patient with completing application
- e. Fax application for completion

How to use MAGIC (document is interactive, clickable)

1. Find desired medication via alphabetical directory or medications by disease state/condition
 - a. TIP: Use CTRL + F to quickly search for medication
2. You will be directed to the manufacturer program eligibility criteria for the selected medication
3. If patient meets criteria, click on the link of individual medication or on “Medications eligible for assistance” (depending on program) to be taken directly to PAP application
4. Complete application and fax to program (excludes Pfizer RxConnect-must apply online or call)

[Acadia Connect](#)

Eligibility

US resident

Any income

Uninsured

Medications eligible for assistance

[NUPLAZID \(pimavanserin\)](#)

1. Patient must call 1-844-737-2233 or enroll online.
2. Acadia connect will contact provider office and provide applications to be completed (patient and provider have portion to complete)
3. Once application is approved, patient will be provided medication for 12 months
 - a. After 12 months, program attempts to have patient enrolled in prescription drug plan

[ADC Patient Support](#)

Eligibility

US resident

≤550% FPL

Uninsured or
underinsured

- Underinsured is deemed as paying ≥20% out of pocket for medication

Medications eligible for assistance

[Zynlonta \(loncastuximab tesirine\)](#)

[AMGEN safety net program](#)

Eligibility

US resident > 6 months

≤500% FPL

Uninsured or plan excludes AMGEN product

Household size	Annual household income (\$) threshold (≤500% FPL)
1	67,950
2	91,550
3	115,150
4	138,750
≥5	Click for FPL for household larger than 5 or add 23,600 per each additional person

- Medicare patients must demonstrate inability to afford medication, ineligible for Medicaid, do not have other financial options
- Does **NOT** specify that income needs provided but states income may be asked to be provided

[AstraZeneca AZ&ME program](#)

Eligibility

US resident

≤300-500% FPL

Uninsured or
Medicare

AZ&ME cutoffs: 500% FPL for specialty medications, 300% for all others

Household size	Annual household income (\$) threshold	
	Group 1 (≤ 300% FPL)	Group 2 (≤500% FPL)
1	40,770	67,950
2	54,930	91,550
3	69,090	115,150
4	83,250	138,750
≥5	Call AZ&ME 1-800-292-6363	

[RETURN TO TOP](#)

If patient has spent 10% of annual household income out of pocket on medical expenses in last 12 months, can submit documentation and still apply

If patient is <150% FPL, program requires patient apply to Medicaid. If Medicaid denies claim, can send in denial letter from Medicaid and still apply. Can be granted 3 month supply while Medicaid decision is pending

- i. Electronic income verification will occur, does not affect credit score
 1. Some instances occur that the program wants proof of income requiring:
 - a. Most recent federal tax return
 - b. W2 or 1099
 - c. Social security income yearly benefits statement
 2. If income is zero, a letter from healthcare provider, family member, or patient can explain the financial situation and be submitted

	Cathflo Activase (Alteplase)
	TNKase (Tenecteplase)

Direct acting oral anticoagulants (DOACs) considerations

Eliquis and Xarelto programs exist. For our uninsured patients, the following should be known:

- Xarelto program allows for the patient to check the Box in Section 4, which will allow the company to run a credit check/proof of income on their own **or** the patient provide their most recent 1040 or 1040-SR Federal tax return if available.
 - Annual Income for single person household needs to be **less than \$40,770**
 - The Xarelto program sends the patient a pharmacy card, which will include an ID, RxBIN and Rx Group code that is good for one year and will cover the cost of the medication
- Eliquis program states “Proof of income may be required”: would like most recent federal tax return. If not available, it states provide as many of the following as possible:
 - W2
 - 1099
 - Pension statement
 - Social security statement
 - At least 2 consecutive pay stubs
 - Annual household income needs to be **less than \$40,770**

Cardiovascular medications: Entresto (Manufactured by Novartis)

For Novartis products including Entresto eligibility for full patient assistance as follows:

- Household income per year:

Household size	Annual household income (\$) threshold
1	70,000
2	100,000
3	125,000
4	150,000
≥5	Add 25,000 per additional person

- Uninsured or limited private or public prescription coverage
- Patient will need to allow electronic income check, which will not affect credit score, only used to verify income by checking the box on page 3 under section 3 OR provide the following:
 - Most recent federal tax return
 - W-2 form

[RETURN TO TOP](#)

- 3 months of paycheck stubs
- Social security statement (1099)
- Prescriber application is page 4 and requires ICD-10 code along with prescription, and prescriber signature

*****If patient has commercial insurance, \$10 copay card is available along with free 30-day trial*****

- Will need patient's Prescription insurance card with the following information
 - Rx BIN
 - Rx Group (GRP)
 - Rx PCN

[For prior authorizations for Entresto](#)

Three easy steps:

1. Select the patient's insurance provider (Commercial, Medicare, and Medicaid comprehensive list on website)
2. Review the coverage details and PA requirements for selected insurance plan (Aetna Standard example provided) – Not requiring a PA

2

Review Coverage Details for ENTRESTO

Learn about the coverage information and PA requirements for the plan you selected.

Aetna Standard

COVERAGE

State: South Carolina	Name of Payer: Aetna, Inc.
Type of Plan: Commercial	PA Required?: No
Formulary Tier: Preferred Brand	Number of Formulary Tiers: 6-Tier
Step Therapy Required?: No	Step Therapy Placement:
Quantity Limits: No	

PA Requirements	
NYHA Class Requirements	
LVEF Requirements	
Specialist Approval Required?	
Concomitant Therapy Requirements	
Proof of Effectiveness Required?	
Lab Requirements	
Dose Limits	
Length of Initial Authorization	

LVEF, left ventricular ejection fraction; NYHA, New York Heart Association.

The coverage and prior authorization (PA) requirements listed here are representations by Zitter Health Insights of the actual criteria developed and approved by managed care organizations and are not controlled by Novartis Pharmaceuticals Corporation (NPC). Coverage information is subject to change by the relevant plan. NPC has not independently verified the requirements of each plan and assumes no responsibility for this content. NPC cannot guarantee payment of any claim. Actual coverage and reimbursement decisions are made by individual payers following the receipt of claims. It is the sole responsibility of the health care provider to select the proper code and ensure the accuracy of all claims used in seeking reimbursement.

Please note: In this tool, qualified health plans available through health insurance marketplaces are considered commercial plans.

Reference: Data on file. Zitter Health Insights. Policy & Access Tracking Tool. Novartis Pharmaceuticals Corp. East Hanover, NJ.

See Absolute Total Care example which does require a PA

2

Review Coverage Details for ENTRESTO

Learn about the coverage information and PA requirements for the plan you selected.

Absolute Total Care

COVERAGE

State: South Carolina	Name of Payer: Centene Corporation
Type of Plan: Medicaid	PA Required?: Yes
Formulary Tier: Preferred Brand	Number of Formulary Tiers: Closed
Step Therapy Required?: No	Step Therapy Placement:
Quantity Limits: 2 tablets per day	

PA INFORMATION

PA Requirements	Meets below requirements
NYHA Class Requirements	NYHA Class II-IV
LVEF Requirements	Left ventricular ejection fraction (LVEF) is = 40%
Specialist Approval Required?	Cardiologist
Concomitant Therapy Requirements	No
Proof of Effectiveness Required?	Show Response
Lab Requirements	Left ventricular ejection fraction (LVEF) is = 40%
Dose Limits	Dose does not exceed sacubitril 194 mg/valsartan 206 mg (2 tablets for adults) per day.
Length of Initial Authorization	1 PlanYear

LVEF, left ventricular ejection fraction; NYHA, New York Heart Association.

The coverage and prior authorization (PA) requirements listed here are representations by Zitter Health Insights of the actual criteria developed and approved by managed care organizations and are not controlled by Novartis Pharmaceuticals Corporation (NPC). Other	Symlin (Pramlintide)
Hypoglycemia management	Baqsimi® (Glucagon) Nasal Powder
	Glucagon™ (Glucagon For Injection)
	Glucagen Hypokit

Diabetic medications: Insulin, GLP-1 agonists, SGLT2 inhibitors

Example of workflow for Lilly Cares

There is an application through Lilly Cares for **free Basaglar and Humalog** for financially constrained patients. The steps for completion are as follows:

1. Pharmacist or case manager can have the patient fill out the information of name, address, phone number, DOB, etc.

[RETURN TO TOP](#)

- a. Patient qualifies if single person home annual income <\$54,360 and **no insurance or Medicare Part D**. If larger household, see application for further details
2. Provider signs actual prescription in the application packet (page 5) and additional signature (page 6)
3. Patient provides W2 or if no W2 available, handwritten provider note on McLeod letter head stating what the patient's annual income is/financial situation will be sufficient
4. Application faxed to number provided on Lilly cares application (3-7 days to process)
5. Case management will have to assist patient with first time fill at McLeod Outpatient Pharmacy (\$35.00 coupon attached to email), pen needles, lancets, test strips, glucometer (can be provided by diabetic educator if ordered)

As of June 29th of 2021, Walmart has produced a **Novolog** of their own. I called Walmart and confirmed all of the pricing with one of their pharmacists (see table below)

Relion brand at Walmart	Insulin type	Vial (\$)	FlexPen (\$)
Novolog	Rapid	72.88	85.88
Regular (Novolin R)	Short acting	24.88	42.88
70/30 premix (Novolin 70/30)	Intermediate combined with short acting	24.88	42.88
NPH (Novolin N)	Intermediate	24.88	42.88

SGLT2 inhibitor (Farxiga-dapagliflozin or Jardiance-empagliflozin)

2. Farxiga-dapagliflozin (AstraZeneca)
 - a. Commercially insured
 - i. Use \$0.00 copay card
 1. Rx BIN: 004682
 2. PCN: CN
 3. GRP: EC57010026
 4. ID: 415132769337
3. Jardiance-empagliflozin (Boehringer Ingelheim)
 - a. Commercial insurance
 - i. [Select medication, dose, and indication \(diabetes vs heart failure\)](#)
 - ii. Fill in patient information
 - iii. Submit for \$10 copay card

HIV Resources for South Carolina

[South Carolina Aids Drug Assistance Program \(ADAP\)](#), which reimburses 100% of cost for qualifying patients

- Three services
 1. Direct dispensing program (DDP)
 - a. Receive HIV medication directly through mail-order pharmacy (PANTHERx Specialty)
 2. Insurance Assistance program (IAP)
 - a. Fill medications through health insurance, program assists with premiums, copays, and deductibles through network of approved pharmacies
 3. Medicare D assistance program
 - a. Receive HIV medication directly through mail-order pharmacy (PANTHERx Specialty)

Qualifications

- Ready to make commitment to being adherent to pharmacotherapy
- Diagnosed with HIV/AIDS
- SC resident
- Limited income (\leq 550% of FPL)

Household size

Annual household income (\$) threshold

[RETURN TO TOP](#)

1	74,745
2	100,705
3	126,665
4	152,625
5	178,585
6	204,545
7	230,505
8	256,465
Click for FPL for household larger than 8	

- Ineligible for Medicaid
- Ineligible for Medicare Part D **with Full Low Income Subsidy (FLIS)**

Risk of termination

- Not responding to SC ADAP letters in timely fashion
- Failing to submit recertification documentation on time
- Income exceeds 550% FPL
- Stops taking medication as prescribes
- Qualifies for Medicaid or Medicare Part D with FLIS
- Moves out of SC or incarcerated

Required documentation

- Proof of income is required for the enrollee and for each member of the household listed on the form

Income Documentation

Documentation for income includes the following:

- | | | |
|-------------------------------------|------------------------------|---------------------------------|
| • Salaries | • Business profits | • Veterans Benefits |
| • Wages | • Rents, Interest, Dividends | • Social Security cash benefits |
| • Net earnings from self-employment | • Unemployment compensation | • Workers compensation |
| • Royalties and Commissions | • Scholarships | • Alimony |
| • Tips | • Child support | |

- Most current pay stubs, W2, Federal Tax return, pension, unemployment compensation, social security benefits, alimony, child support, worker's compensation, wage statement, or employer letter on company letterhead dated, signed and including salary information are all acceptable
 - [Separate form for Zero or No Income certification](#)
- Clinical data
 - Date of diagnosis
 - Most recent CD4 count
 - Most recent viral load
- [Pharmacy selection form](#)
 - Participating pharmacies:

- ☐ AIDS Healthcare Foundation Pharmacy – 3025 Farrow Road; Columbia, SC 29203
- ☐ CarePlus Pharmacy – mail order pharmacy located in Columbia, SC
- ☐ Easley Healthmart Pharmacy - 401 Hillcrest Drive; Easley, SC 29640
- ☐ Hawthorne Pharmacy – 2761 Laurel Street; Columbia, SC
- ☐ Hawthorne Pharmacy – 1520-A Taylor Street; Columbia, SC
- ☐ Long's Drug Store – 600 Kilbourne Road; Columbia, SC
- ☐ Long's Drug Store – 1216 W Main Street; Lexington, SC
- ☐ MedExpress – mail order pharmacy located in Salisbury, NC
- ☐ PANTHERx Specialty Pharmacy – mail order pharmacy located in Pittsburgh, PA
- ☐ Pharmacy Innovations - 620 Congaree Road, Suite F; Greenville, SC
- ☐ Responsive Solutions – 4605 Oleander Drive, Suite 5; Myrtle Beach, SC

- Full list of pharmacies available below:

https://scdhec.gov/sites/default/files/media/document/IAP-Participating-Rx_8_2021.pdf

Undocumented patients living in SC with HIV

- There is a form that can be filled out for undocumented patients to qualify for the program:

<https://scdhec.gov/sites/default/files/media/document/d-1593.pdf>

All patients will need to fill out recertification form annually

See ADAP website for additional questions: <https://scdhec.gov/aids-drug-assistance-program>

AIDS Drug Assistance Program (ADAP) Formulary

HIV ANTIRETROVIRAL DRUGS			
Brand	Generic	Drug Class	Additional considerations
Aptivus	Tipranavir	Protease Inhibitor	
Biktarvy	bictegravir / emtricitabine / tenofovir alafenamide fumarate	Combination Treatment	Before prescribing, refer to the drug's full prescribing information.
Cimduo	lamivudine/tenofovir disoproxil fumarate	NRTI	Product carries a boxed warning for post-treatment acute exacerbations of hepatitis B.
Combivir	lamivudine / zidovudine	NRTI	
Complera	emtricitabine / rilpivirine / tenofovir disoproxil fumarate	Combination Treatment	Indicated as a complete regimen for treatment of HIV-1 infection: 1) In patients 12 years of age and older with no antiretroviral treatment history and with HIV-1 RNA less than or equal to 100,000 copies/mL at the start of therapy and 2) In certain virologically suppressed (HIV-1 RNA <50 copies/mL) patients on a stable antiretroviral regimen at start of therapy in order to replace their current antiretroviral treatment regimen.

[RETURN TO TOP](#)

Delstrigo	doravirine / lamivudine/ tenofovir disoproxil fumarate	Combination Treatment	Product carries a boxed warning regarding the risk of post-treatment acute exacerbations of hepatitis B. Contraindicated when co-administered with drugs that are strong cytochrome P450 3A enzyme inducers (decreases in doravirine plasma concentrations may occur which may decrease the product's effectiveness). Refer to the package insert for concurrently administered drugs to avoid. Precautions include new onset or worsening renal impairment, risk of adverse reactions or loss of virologic response due to drug interactions, bone loss and mineralization defects, and Immune Reconstitution Syndrome.
Descovy	emtricitabine /tenofovir alafenamide	NRTI	
Dovato	dolutegravir / lamivudine	Combination Treatment	Dovato carries a Boxed Warning for patients co-infected with hepatitis B virus (HBV) and HIV-1. Prior to initiating treatment, patients should be tested for HBV infection. The emergence of HBV variants associated with resistance to lamivudine has been reported in HIV-1-infected patients who have received lamivudine-containing antiretroviral regimens in the presence of concurrent infection with HBV. In addition, severe exacerbations of HBV have been reported in patients co-infected with HIV-1 and HBV who have discontinued lamivudine.
Edurant	Rilpivirine	NNRTI	
efavirenz / emtricitabine / tenofovir disoproxil fumarate	efavirenz / emtricitabine / tenofovir disoproxil fumarate	Combination Treatment	Removed February 2022: Gilead Sciences discontinued the manufacturing of Atripla in July 2021. It is no longer available for commercial sale.
Emtriva	Emtricitabine	NRTI	
Epivir	Lamivudine	NRTI	
Epzicom	abacavir/ lamivudine	NRTI	Before adding an abacavir-containing medication to the drug regimen, refer to the drug's full prescribing information.
Evotaz	atazanavir / cobicistat	Combination Treatment	
Fuzeon	Enfuvirtide	Fusion Inhibitor	Prior authorization required for an individual's first ADAP prescription for this drug.
Genvoya	elvitegravir / cobicistat /emtricitabine / tenofovir alafenamide	Combination Treatment	
Intelence	Etravirine	NNRTI	
Invirase	Saquinavir	Protease Inhibitor	
Isentress, Isentress HD	Raltegravir	Integrase Inhibitor	
		Combination Treatment	Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy.
RETURN TO TOP			

Juluca	dolutegravir / rilpivirine		Women with HIV who are of childbearing age and are not interested in having children should be counseled about this information. Women who become pregnant while on dolutegravir need to discuss options with their HIV providers.
Kaletra	lopinavir / ritonavir	Protease Inhibitor	
Lexiva	Fosamprenavir	Protease Inhibitor	
Norvir	Ritonavir	Protease Inhibitor	
Odefsey	emtricitabine / rilpivirine /tenofovir alafenamide fumarate	Combination Treatment	Indicated as a complete regimen for treatment of HIV-1 infection in patients 12 years of age and older as initial therapy in those with no antiretroviral treatment history with HIV-1 RNA less than or equal to 100,000 copies per mL; or to replace a stable antiretroviral regimen in those who are virologically suppressed (HIV-1 RNA less than 50 copies per mL) for at least six months with no history of treatment failure and no known substitutions associated with resistance to individual components of Odefsey.
Pifeltro	Doravirine	NNRTI	Contraindicated when co-administered with drugs that are strong cytochrome P450 3A enzyme inducers. Decreases in doravirine plasma concentrations may occur which may decrease the product's effectiveness. Refer to the package insert for concurrently administered drugs to avoid. Other warnings and precautions include risk of adverse reactions or loss of virologic response due to drug interactions and Immune Reconstitution Syndrome.
Prezcobix	darunavir / cobicistat	Combination Treatment	
Prezista	Darunavir	Protease Inhibitor	
Retrovir	Zidovudine	NRTI	
Reyataz	Atazanavir	Protease Inhibitor	
Rukobia	Fostemsavir	GP120 Attachment Inhibitor	
Selzentry	Maraviroc	CCR5 Co-Receptor Antagonist	Prior authorization required for an individual's first ADAP prescription for this drug.
Stribild	elvitegravir / cobicistat /emtricitabine / tenofovirdisoproxil fumarate	Combination Treatment	
Sustiva	Efavirenz	NNRTI	
Symfi Symfi Lo	efavirenz / lamivudine / tenofovirdisoproxil fumarate	Combination Treatment	Product carries a boxed warning for post-treatment acute exacerbations of hepatitis B.
Symtuza	darunavir / cobicistat /emtricitabine / tenofoviralafenamide	Combination Treatment	
Tivicay	Dolutegravir	Integrase Inhibitor	Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy. Women with HIV who are of childbearing age and are not interested in having children should be counseled about this

[RETURN TO TOP](#)

			information. Women who become pregnant while on dolutegravir need to discuss options with their HIV providers.
Triumeq	abacavir / dolutegravir / lamivudine	Combination Treatment	Before adding an abacavir-containing medication to the drug regimen, refer to the full prescribing information. Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy. Re-enrollment information per PAP program

AbbVie

- Submit same application and process
- Company does send application in mail for Medicare patients

Amgen

- Company will send application for patients already enrolled

AstraZeneca

- Automatically re-enrolling Medicare patients for 2023.
- Each patient will need new prescription e-scribed

Bausch Health

- The program requires that you re-enroll every year by completing a Bausch Health Patient Assistance Program application form. A notice regarding re-enrollment will be sent to you 60 days prior to the anniversary date of your participation in the program or, in some cases, by December 31.

Boehringer Ingelheim

- Re-enrollment forms are sent out after October 15th to the patient's home

Bristol Myers Squibb

- Beginning in November, a new application will be mailed to the patient and the provider office will be faxed that it is time to re-enroll patient
- Re-enrollment application is the same as initial application

GlaxoSmithKline (GSK)

- Company will send out re-enrollment forms to patient's home 2 months prior to enrollment period end date
- Patients with Medicare Part D need to re-apply to the GSK Patient Assistance Program each calendar year after they have spent at least \$600 on prescription medicines through their Medicare Part D Prescription Drug Plan.
 - Fax or mail your completed enrollment form and documents to the GSK Patient Assistance Program. Faxed prescriptions are only valid if faxed directly from a physician's office. Applicant's name and date of birth must be on each faxed page.
 - If you are eligible for continued assistance through the GSK Patient Assistance Program, your first refill will automatically be sent to the address provided on the application.

Johnson & Johnson

- All patients up for renewal will receive an application approximately one month prior to enrollment end date, which include pre-filled patient and provider information
 - Renewal application is otherwise identical to initial application

Lilly

- Letter will be sent to patient only notifying them that it is time to renew 2.5-3 months before enrollment end date
- Application is the same as initial enrollment application
- Medicare patients can start re-enrollment November 2nd for the following calendar year

Merck

- Every patient must submit renewal application, which is same as original application
- Renewal application for Medicare patients sent out by company if requested and has two questions in addition to a new application
 - Signature for financial hardship
 - Yes or no for Medicare B or D
- Cannot be submitted until December

MyPraluent

- Re-enrollment process is completion of a new original application
 - Company does **NOT** send a renewal application to patients
- Approval through December 31st for Medicare beneficiaries, 365 days for uninsured patients

Mylan (Viatris)

- Renewal application is the same as original application
- Can submit renewal application 4-6 weeks prior to enrollment end date, which is 365 days from date approved

Nestle Health

- Will need to reapply about 30 days from your application expiration date; company will send a reminder letter in the mail when it is time to reapply
- Medicare patients will need to reapply after open enrollment annually

Novartis

- Patient will receive re-enrollment application 45 days prior to enrollment end date
- Providers office will be faxed same day re-enrollment application is sent in the mail
- Re-enrollment application is the same as the original application

Novo Nordisk

- Re-enrollment can begin 30 days prior to the end of enrollment end date or after October 15th for Medicare patients
 - Medicare part D patients are approved for calendar year, uninsured or Medicare part A/B are approved for 365 days
- Re-enrollment application is identical to original application
- Company typically sends application for renewal by mail to patient's house

Otsuka

- Patients need to reapply 30-45 days prior to enrollment end date
 - Medicare patients: December 31st
 - Uninsured patients: 365 days
- Company will reach out to patient via telephone to discuss re-enrollment each year

Pfizer

- Medicare patients can begin reapplying in October for the subsequent calendar year
- Company does **NOT** send renewal reminder or application
- Re-enrollment application is the same as the original

Sanofi

- Medicare patients **CANNOT** reapply until January of the calendar year they are applying for
- Uninsured patients can apply for re-enrollment 60 days prior to enrollment end date
 - Uninsured patients enrollment end date is 365 days, Medicare through end of the calendar year
- Company does **NOT** send out renewal reminders or re-enrollment forms

TAKEDA

- Company sends letter 60 days prior to enrollment end date as reminder to re-enroll
 - Medicare patients enrollment end date is December 31st annually
 - Uninsured patients enrollment end date 365 days from approval date
- Company does **NOT** send application to patient
- Re-enrollment application same as original application

TEVA

- Re-enrollment can begin 30 days prior to enrollment end date
 - Enrollment end date is 365 days from approval date
 - Only accepts Medicare A,B or uninsured
- Application and fax are sent to provider office prior to enrollment end date
- Letter is sent to patient prior to enrollment date

Requesting a refills per Patient Assistance Program (PAP)

AbbVie

1. Press number for your desired medication
