ONCOLOGY

ADDITIONAL RESOURCES (Welvista, RxOutreach, Walmart \$4.00 list, Care foundations)

#### Purpose/Background

Medication adherence is largely impacted by patient specific barriers, one of the most crucial being financial constraints of affording their medications. There are resources from drug manufacturers and alternative programs to eliminate financial constraint of medication adherence. The resources available include:

- 1. Patient assistance program (PAP) Drug manufacturers provide medications completely free of charge for low-income uninsured or Medicare patients, shipped directly to patients' home, primary care provider (PCP) office, or other designated address (i.e. infusion medications should be mailed to infusion center where patient has confirmed follow-up), depending on program eligibility. Covers almost ALL medications
  - a. Documentation required: program specific (none to needing income proof)
  - b. Process time: 2-7 days
- 2. **Welvista** state run program, has limited formulary of mediations
  - a. Documentation required: requires income documentation for all members of household,
  - b. Process time: 10-14 days
- 3. **RxOutreach** nationwide program, has limited formulary for medications not covered by other PAP programs
  - a. Documentation required: None
  - b. Process time: 7-10 days
- 4. **Copay cards** typically available to commercially insured patients or one-time uses in certain circumstances (outside the scope of this document)
- 5. **Walmart \$4.00 prescription list** limited formulary of medications available at Walmart that may be more affordable via a prescription than at other pharmacies
- 6. **Care foundations** foundations set up by donors for financially constrained patients for medications not covered by other programs (limited funds available)

This document encompasses comprehensive access to patient assistance programs (PAP) for almost all medications (see <u>additional resources</u> for medications not included). Patient eligibility is dependent upon:

- Income level based on the federal poverty limit (FPL), which varies yearly
  - Programs will either require proof of documentation or run electronic income verification (which will NOT affect a patient's credit score)
- Insurance status (must be uninsured or Medicare)

This **interactive document (clickable)** will allow for uninsured and low income patients to be enrolled in a patient assistance program and provide them with up to one year of medication **free-of-charge**. Following calendar year from enrollment date, subsequent application will need submitted for re-enrollment.

Barriers to utilizing Welvista through the state of South Carolina are:

- Cumbersome enrollment process, more than a patient can understand and above the appropriate level of health literacy
- 10-14 day processing time for applications
- Limited formulary
- Requirement of proof of income for all members within the household
  - Most patients do not have available during hospitalization
- FPL threshold of < 250% (stricter than most PAP)</li>
  - Many patients can qualify for their individual medication with the higher threshold cutoffs for individual manufacturer PAP
- Medications also need e-scribed to Welvista or, if not originally e-scribed, will need mailed via the postal service to Welvista.

Patients are provided an expansive amount of information during their admission and at time of discharge. Many times, patients realize when they arrive at a pharmacy or arrive home, they may be uncertain of the appropriate steps to enroll in a PAP program, returning to a healthcare institution when their initial medication fill runs out. This interactive PAP

tool enables our healthcare team to alleviate the financial burden and enrollment difficulties patients face alone outside of a healthcare institution.

#### **Roles**

#### Admission intake

a. Ensure appropriate insurance verification and upload into electronic health record

#### Provider/pharmacist

b. Notify case manager or office staff of medication being prescribed that has PAP available

#### Case manager or office staff of designated area/clinic

- c. Determine patient eligibility based on manufacturer PAP
- d. Assist with completing patient contact information and income verification

#### How to use MAGIC (document is interactive, clickable)

- 1. Find desired medication via alphabetical directory or medications by disease state/condition
  - a. TIP: Use CTRL + F to quickly search for medication
- 2. You will be directed to the manufacturer program eligibility criteria for the selected medication
- 3. If patient meets criteria, click on the link of individual medication or on "Medications eligible for assistance" (depending on program) to be taken directly to PAP application
- 4. Complete application and fax to program (excludes Pfizer RxConnect-must apply online or call)

#### **ALPHABETICAL LIST OF ALL MEDICATIONS**

## A-E

Abilify Maintena (Aripiprazole) For Extended Release Injectable SUSPension

Abraxane® (Paclitaxel Protein-Bound Particles For Injectable SUSPension (Albumin-Bound))

Actemra (Tocilizumab)

Activase (Alteplase)

Acuvail (Ketorolac Tromethamine) Ophthalmic Solution

Adacel® (Tetanus Toxoid, Reduced Diphtheria Toxoid And Acellular Pertussis Vaccine Adsorbed)

Adakveo® (Crizanlizumab-Tmca)

Admelog® (Insulin Lispro Injection) 100 Units/mL

Advair (Diskus Or HFA) (Fluticasone/Salmeterol)

AeroChamber Plus Flow-Vu

<sup>\*\*</sup>If patient has spent 10% of annual household income out of pocket on medical expenses in last 12 months, can submit documentation and still apply\*\*\*

- i. Electronic income verification will occur, does not affect credit score
  - 1. Some instances occur that the program wants proof of income requiring:
    - a. Most recent federal tax return
    - b. W2 or 1099
    - c. Social security income yearly benefits statement
  - 2. If income is zero, a letter from healthcare provider, family member, or patient can explain the financial situation and be submitted

#### **Bristol Myers Squibb**

## Eligibility

**US** resident

<300% FPL for Eliquis and Orencia or Medicare

Uninsured

| Household size         | Annual household income (\$) threshold<br>( <u>&lt;3</u> 00% FPL) |
|------------------------|---|
| 1                      | 40,770  |
| 2                      | 54,930  |
| 3                      | 69,090  |
| 4                      | 83,250  |
| 5                      | 97,410  |
| Each additional person | 14,160  |

Medicare patients with financial constraints can apply if they have spent 3% of annual household income on out-of-pocket prescription expenses

- o Company may require proof of out-of-pocket expenses, which can be obtained from pharmacy
- Medications for cancer, ulcerative colitis, multiple sclerosis, and kidney transplant can qualify with higher income thresholds (reviewed individually)

Applications will be processed more quickly if income documentation included:

- 1. 1099 forms
- 2. Social security statement
- 3. Pension statements
- 4. Two consecutive pay stubs

### **Direct acting oral anticoagulants (DOACs) considerations**

Eliquis and Xarelto programs exist. For our uninsured patients, the following should be known:

- Xarelto program allows for the patient to check the Box in Section 4, which will allow the company to run a credit check/proof of income on their own **or** the patient provide their most recent 1040 or 1040-SR Federal tax return if available.
  - Annual Income for single person household needs to be less than \$40,770
  - The Xarelto program sends the patient a pharmacy card, which will include an ID, RxBIN and Rx Group code that is good for one year and will cover the cost of the medication
- Eliquis program states "Proof of income may be required": would like most recent federal tax return. If not available, it states provide as many of the following as possible:
  - o W2
  - o 1099
  - Pension statement
  - Social security statement
  - At least 2 consecutive pay stubs
  - Annual household income needs to be less than \$40,770

### Cardiovascular medications: Entresto (Manufactured by Novartis)

For Novartis products including Entresto eligibility for full patient assistance as follows:

• Household income per year:

| Household size | Annual household income (\$) threshold |
|----------------|--|
| 1              | 70,000                                 |
| 2              | 100,000                                |
| 3              | 125,000                                |
| 4              | 150,000                                |
| <u>≥</u> 5     | Add 25,000 per additional person       |

- Uninsured or limited private or public prescription coverage
- Patient will need to allow electronic income check, which will not affect credit score, only used to verify income by checking the box on page 3 under section 3 OR provide the following:
  - Most recent federal tax return
  - o W-2 form
  - o 3 months of paycheck stubs
  - Social security statement (1099)
- Prescriber application is page 4 and requires and ICD-10 code along with prescription, and prescriber signature

### \*\*\*If patient has commercial insurance, \$10 copay card is available along with free 30-day trial\*\*\*

- Will need patient's Prescription insurance card with the following information
  - o Rx BIN
  - o Rx Group (GRP)
  - o Rx PCN

### For prior authorizations for Entresto

### Three easy steps:

- 1. Select the patient's insurance provider (Commercial, Medicare, and Medicaid comprehensive list on website)
- 2. Review the coverage details and PA requirements for selected insurance plan (Aetna Standard example provided) Not requiring a PA

### <u>Diabetic medications: Insulin, GLP-1 agonists, SGLT2 inhibitors</u>

### **Example of workflow for Lilly Cares**

There is an application through Lilly Cares for **free Basaglar and Humalog** for financially constrained patients. The steps for completion are as follows:

1. Pharmacist or case manager can have the patient fill out the information of name, address, phone number, DOB, etc.

- a. Patient qualifies if single person home annual income <\$54,360 and **no insurance or Medicare Part D**. If larger household, see application for further details
- 2. Provider signs actual prescription in the application packet (page 5) and additional signature (page 6)
- 3. Patient provides W2 or if no W2 available, handwritten provider note on McLeod letter head stating what the patient's annual income is/financial situation will be sufficient
- 4. Application faxed to number provided on Lilly cares application (3-7 days to process)
- 5. Case management will have to assist patient with first time fill at McLeod Outpatient Pharmacy (\$35.00 coupon attached to email), pen needles, lancets, test strips, glucometer (can be provided by diabetic educator if ordered)

As of June 29<sup>th</sup> of 2021, Walmart has produced a **Novolog** of their own. I called Walmart and confirmed all of the pricing with one of their pharmacists (see table below)

| Relion brand at Walmart      | Insulin type                            | Vial (\$) | FlexPen (\$) |
|------------------------------|---|-----------|--------------|
| Novolog                      | Rapid                                   | 72.88     | 85.88        |
| Regular (Novolin R)          | Short acting                            | 24.88     | 42.88        |
| 70/30 premix (Novolin 70/30) | Intermediate combined with short acting | 24.88     | 42.88        |
| NPH (Novolin N)              | Intermediate                            | 24.88     | 42.88        |

### SGLT2 inhibitor (Farxiga-dapagliflozin or Jardiance-empagliflozin)

- 2. Farxiga-dapagliflozin (AstraZeneca)
  - a. Commercially insured
    - i. Use \$0.00 copay card
      - 1. Rx BIN: 004682
      - 2. PCN: CN
      - GRP: EC57010026
         ID: 415132769337
- 3. Jardiance-empagliflozin (Boehringer Ingelheim)
  - a. Commercial insurance
    - i. Select medication, dose, and indication (diabetes vs heart failure)
    - ii. Fill in patient information
    - iii. Submit for \$10 copay card

| <b>INFECTIOUS DISEASE (H</b> | HIV & Acute) |
|------------------------------|--------------|
|------------------------------|--------------|

### Medications available for assistance

### ACUTE

Avycaz (Avibactam/Ceftazidime)

**Boostrix (Tdap Vaccine)** 

Cancidas® (Caspofungin Acetate) For Injection

Coartem® (Artemether And Lumefantrine)

Dalvance (Dalbavancin) Lyophilizate

Dificid® (Fidaxomicin) For Oral SUSPension 40 Mg/mL

Dificid® (Fidaxomicin) Tablets

Engerix-B (Hepatitis B Vaccine) Extavia® (Interferon Beta-1B) Gardasil®9 (Human Papillomavirus 9-Valent Vaccine, Recombinant) Imogam® Rabies-Ht Immune Globulin, [Human] USP, Heat Treated Imovax® Rabies Vaccine [Human Diploid Cell] Lincocin® (Lincomycin) Injection, USP Malarone (Atovaguone And Proguanil) Mayvret (Glecaprevir/Pibrentasvir) Menguadfi® (Meningococcal [Groups A, C, Y, W] Conjugate Vaccine) Mepron (Atovaguone SUSPension) M-M-R<sup>®</sup> Ii (Measles, Mumps, And Rubella Virus Vaccine Live) Monurol (Fosfomycin Tromethamine) Oral Granules Mycobutin® (Rifabutin) Capsules, USP Noxafil® (Posaconazole) Delayed-Release Tablets 100 Mg Noxafil® (Posaconazole) Oral SUSPension, 40 Mg/Ml Pegasys (Peginterferon Alfa-2A) Pentacel® Diptheria And Tetanus Toxoids And Acellular Pertussis Adsorbed, Inactivated Poliovirus And Haemophilus B Conjugate (Tetanus Toxoid Conjugate) Vaccine **Pretomanid Tablet** Prevnar 13® Pneumococcal 13-Valent Conjugate Vaccine [Diphtheria Crm197 Protein] Prevymis™ (Letermovir) 240 Mg Tablets Priftin® (Rifapentine) Tablets Pylera (Bismuth Subcitrate Potassium, Metronidazole, And Tetracycline) Capsules Recarbrio™ (Imipenem, Cilastatin, And Relebactam) For Injection, For Intravenous Use Recombivax Hb<sup>®</sup> [Hepatitis B Vaccine (Recombinant)] Relenza (Zanamivir Inhalation Powder) Shingrix (Zoster Vaccine) Sirturo (Bedaquiline) Tablets Sporanox (Itraconazole) Capsules And Oral Solution Stromectol® (Ivermectin) Tablets Teflaro (Ceftaroline Fosamil) Powder For Injection Tenivac® (Tetanus And Diphtheria Toxoids Adsorbed Tobi (Tobramycin) Ampules Or Podhalers Trumenba® (Meningococcal Group B Vaccine) Tygacil® (Tigecycline) For Injection Vagta® (Hepatitis A Vaccine, Inactivated) Varivax® (Varicella Virus Vaccine Live)

Vaxneuvance™ (Pneumococcal 15-Valent Conjugate Vaccine)

Vfend® (Voriconazole)

Zepatier® (Elbasvir And Grazoprevir)

Zerbaxa™ (Ceftolozane And Tazobactam) For Injection For Intravenous Use

Zyvox® (Linezolid)

HIV

Cimduo (Lamivudine/Tenofovir Disoproxil Fumarate) Tablet

Delstrigo™ (Doravirine, Lamivudine, And Tenofovir Disoproxil Fumarate) Tablets, For Oral Use

Edurant (Rilpivirine) Tablets

Epivir-Hbv (Lamivudine Solution Or Tablets)

Intelence (Etravirine) Tablets

Isentress® (Raltegravir) 400 Mg Film-Coated And 25 Mg And 100 Mg Chewable Tablets

<u>Isentress® Hd (Raltegravir) 600 Mg Tablets</u>

Isentress® Os (Raltegravir) 100 Mg Granules For SUSPension

Kaletra (Lopinavir/Ritonavir)

Norvir (Ritonavir) Tablets And Oral Solution

Pifeltro™ (Doravirine) Tablets, For Oral Use

Pneumovax®23 (Pneumococcal Vaccine Polyvalent)

Prezcobix (Darunavir/Cobicistat)

Prezista (Darunavir)

Symtuza (Darunavir, Cobicistat, Emtricitabine, Tenofovir Alafenamide) Tablets

Viramune Xr (Nevirapine)

### **HIV Resources for South Carolina**

South Carolina Aids Drug Assistance Program (ADAP), which reimburses 100% of cost for qualifying patients

- Three services
  - 1. Direct dispensing program (DDP)
    - a. Receive HIV medication directly through mail-order pharmacy (PANTHERx Specialty)
  - 2. Insurance Assistance program (IAP)
    - a. Fill medications through health insurance, program assists with premiums, copays, and deductibles through network of approved pharmacies
  - 3. Medicare D assistance program
    - a. Receive HIV medication directly through mail-order pharmacy (PANTHERx Specialty)

### Qualifications

- Ready to make commitment to being adherent to pharmacotherapy
- Diagnosed with HIV/AIDS
- SC resident
- Limited income (< 550% of FPL)</li>

Annual household income (\$) threshold

| 1   | 74,745  |  |
|---|---------|--|
| 2   | 100,705 |  |
| 3   | 126,665 |  |
| 4   | 152,625 |  |
| 5   | 178,585 |  |
| 6   | 204,545 |  |
| 7   | 230,505 |  |
| 8   | 256,465 |  |
| Click for FPL for household larger than 8 |         |  |

- Ineligible for Medicaid
- Ineligible for Medicare Part D with Full Low Income Subsidy (FLIS)

#### Risk of termination

- Not responding to SC ADAP letters in timely fashion
- Failing to submit recertification documentation on time
- Income exceeds 550% FPL
- Stops taking medication as prescribes
- Qualifies for Medicaid or Medicare Part D with FLIS
- Moves out of SC or incarcerated

#### Required documentation

• Proof of income is required for the enrollee and for each member of the household listed on the form

#### **Income Documentation**

Documentation for income includes the following:

- Salaries
- Wages
- Net earnings from selfemployment
- Royalties and Commissions
- Tips

- Business profits
- Rents, Interest, Dividends
- Unemployment compensation
- Scholarships
- Child support

- Veterans Benefits
- Social Security cash benefits
- Workers compensation
- Alimony
- Most current pay stubs, W2, Federal Tax return, pension, unemployment compensation, social security benefits, alimony, child support, worker's compensation, wage statement, or employer letter on company letterhead dated, signed and including salary information are all acceptable
- Separate form for Zero or No Income certification
- Clinical data
  - Date of diagnosis
  - Most recent CD4 count
  - Most recent viral load
- Pharmacy selection form
  - Participating pharmacies:

- AIDS Healthcare Foundation Pharmacy 3025 Farrow Road; Columbia, SC 29203
   CarePlus Pharmacy mail order pharmacy located in Columbia, SC
   Easley Healthmart Pharmacy 401 Hillcrest Drive; Easley, SC 29640
   Hawthorne Pharmacy 2761 Laurel Street; Columbia, SC
   Hawthorne Pharmacy 1520-A Taylor Street; Columbia, SC
   Long's Drug Store 600 Kilbourne Road; Columbia, SC
   Long's Drug Store 1216 W Main Street; Lexington, SC
   MedExpress mail order pharmacy located in Salisbury, NC
   PANTHERx Specialty Pharmacy mail order pharmacy located in Pittsburgh, PA
   Pharmacy Innovations 620 Congaree Road, Suite F; Greenville, SC
- Full list of pharmacies available below:

Responsive Solutions – 4605 Oleander Drive, Suite 5; Myrtle Beach, SC

#### **Undocumented patients living in SC with HIV**

• There is a form that can be filled out for undocumented patients to qualify for the program: https://scdhec.gov/sites/default/files/media/document/d-1593.pdf

\*\*\*All patients will need to fill out recertification form annually\*\*\*

See ADAP website for additional questions: <a href="https://scdhec.gov/aids-drug-assistance-program">https://scdhec.gov/aids-drug-assistance-program</a>

**AIDS Drug Assistance Program (ADAP) Formulary** 

| HIV ANTIRETROVIRAL DRUGS |  |                          |   |
|--------------------------|--|--------------------------|---|
| Brand                    | Generic  | Drug Class               | Additional considerations   |
| Aptivus                  | Tipranavir   | Protease Inhibitor       |   |
| Biktarvy                 | bictegravir / emtricitabine / tenofovir alafenamide fumarate   | Combination<br>Treatment | Before prescribing, refer to the drug's full prescribing information.   |
| Cimduo                   | lamivudine/tenofovir disoproxil fumarate                       | NRTI                     | Product carries a boxed warning for post-treatment acute exacerbations of hepatitis B.  |
| Combivir                 | lamivudine / zidovudine  | NRTI                     |   |
| Complera                 | emtricitabine / rilpivirine / tenofovir<br>disoproxil fumarate | Combination<br>Treatment | Indicated as a complete regimen for treatment of HIV-1 infection: 1) In patients 12 years of age and older with no antiretroviral treatment history and with HIV-1 RNA less than or equal to 100,000 copies/mL at the start of therapy and 2) In certain virologically suppressed (HIV-1 RNA <50 copies/mL) patients on a stable antiretroviral regimen at start of therapy in order to replace their current antiretroviral treatment regimen. |

| Delstrigo   | doravirine / lamivudine/ tenofovir<br>disoproxil fumarate        | Combination<br>Treatment | Product carries a boxed warning regarding the risk of post-treatment acute exacerbations of hepatitis B. Contraindicated when co-administered with drugs that are strong cytochrome P450 3A enzyme inducers (decreases in doravirine plasma concentrations may occur which may decrease the product's effectiveness). Refer to the package insert for concurrently administered drugs to avoid. Precautions include new onset or worsening renal impairment, risk of adverse reactions or loss o virologic response due to drug interactions, bone loss and mineralization defects, and Immune Reconstitution Syndrome. |
|---|--|--------------------------|---|
| Descovy   | emtricitabine /tenofovir alafenamide                             | NRTI                     |   |
| Dovato  | dolutegravir / lamivudine  | Combination<br>Treatment | Dovato carries a Boxed Warning for patients co-infected with hepatitis B virus (HBV) and HIV-1. Prior to initiating treatment, patients should be tested for HBV infection. The emergence of HBV variants associated with resistance to lamivudine has been reported in HIV-1-infected patients who have received lamivudine-containing antiretroviral regimens in the presence of concurrent infection with HBV. In addition, severe exacerbations of HBV have been reported in patients co-infected with HIV-1 and HBV who have discontinued lamivudine.  |
| Edurant   | Rilpivirine  | NNRTI                    |   |
| efavirenz /<br>emtricitabi<br>ne /<br>tenofovir<br>disoproxil<br>fumarate | efavirenz / emtricitabine / tenofovir<br>disoproxil fumarate     | Combination<br>Treatment | Removed February 2022: Gilead Sciences discontinued the manufacturing of Atripla in July 2021. It is no longer available fo commercial sale.  |
| Emtriva   | Emtricitabine  | NRTI                     |   |
| Epivir  | Lamivudine   | NRTI                     |   |
| Epzicom   | abacavir/ lamivudine   | NRTI                     | Before adding an abacavir-containing medication to the drug regimen, refer to the drug's full prescribing information.  |
| Evotaz  | atazanavir / cobicistat  | Combination<br>Treatment |   |
| Fuzeon  | Enfuvirtide  | Fusion Inhibitor         | Prior authorization required for an individual's first ADAP prescription for this drug.   |
| Genvoya   | elvitegravir / cobicistat /emtricitabine / tenofovir alafenamide | Combination<br>Treatment |   |
| ntelence  | Etravirine   | NNRTI                    |   |
| nvirase   | Saquinavir   | Protease Inhibitor       |   |
| sentress,<br>sentress<br>HD   | Raltegravir  | Integrase Inhibitor      |   |
|   |  | Combination<br>Treatment | Clinical information regarding dolutegravir: At this point, women with HIV who wish to become pregnant and are currently receiving dolutegravir should be switched to a regimen with a more well-defined safety record in pregnancy.  |

| Juluca            | doluetegravir / rilpivirine   |                               | Women with HIV who are of childbearing age and are not interested in having children should be counseled about this information. Women who become pregnant while on dolutegravir need to discuss options with their HIV providers.   |
|-------------------|---|-------------------------------|--|
| Kaletra           | lopinavir / ritonavir   | Protease Inhibitor            |  |
| Lexiva            | Fosamprenavir   | Protease Inhibitor            |  |
| Norvir            | Ritonavir   | Protease Inhibitor            |  |
| Odefsey           | emtricitabine / rilpivirine /tenofovir<br>alafenamide fumarate          | Combination<br>Treatment      | Indicated as a complete regimen for treatment of HIV-1 infection in patients 12 years of age and older as initial therapy in those with no antiretroviral treatment history with HIV-1 RNA less than or equal to 100,000 copies per mL; or to replace a stable antiretroviral regimen in those who are virologically suppressed (HIV-1 RNA less than 50 copies per mL) for at least six months with no history of treatment failure and no known substitutions associated with resistance to individual components of Odefsey. |
| Pifeltro          | Doravirine  | NNRTI                         | Contraindicated when co-administered with drugs that are strong cytochrome P450 3A enzyme inducers. Decreases in doravirine plasma concentrations may occur which may decrease the product's effectiveness. Refer to the package insert for concurrently administered drugs to avoid. Other warnings and precautions include risk of adverse reactions or loss of virologic response due to drug interactions and Immune Reconstitution Syndrome.  |
